6 CITY CENTER - PORTLAND, ME

Historic Building with Modern Amenities

Portland is Maine's largest city and its business, financial and retail capital. One-third of Maine's population lives and works in this beautiful city on the peninsula just 1.5 hours north of Boston. One of the few working waterfronts left in the U.S., Portland is also New England's largest tonnage seaport and 2nd largest international passenger port and fishing port.

Downtown Portland offers all the amenities of a big city. **6 City Center** is surrounded by parks, boutiques and galleries, elegant hotels and award-winning restaurants with national reputations. The city and county government offices and courthouse are also steps away. Over 3.6 million tourists visit Maine each year and almost all will visit Portland's historic Old Port District, which combines the working waterfront with chic, shopping, dining, and entertainment.

6 City Center consists of newly remodeled, modern, functional office space. The entire 4th floor is available for lease and can be fitted for tenant needs. The 3rd floor consists of fully furnished, ready-to-use private offices and an open area with seven work stations. Complete services are offered including full-time receptionist services, state-of-the-art telephone system, mailing services, copy/print/fax/scanning, wireless and hard wired high-speed internet access, and other optional administrative support services and technology. Move in today and be fully functional tomorrow.
